

Depreciation Schedule Application Form

Before an applicant completes an application for a depreciation schedule from Big Sky Depreciations PTY LTD, in order that we can do the best possible job for you, we strongly advise that you read and act upon the following tips:

1. The applicant's personal details must be filled in!! If you don't have an email address, we strongly recommend that you get one, as it greatly facilitates our ability to keep in contact with you, and keep you up to date with the progress of your depreciation schedule.
2. When we ask for contact details for inspectors/inspections, we mean the details of the tenants who are presently occupying the property, so that we can arrange a convenient time to inspect the property to appraise its present value. We cannot do a schedule without a prior inspection of the property.
3. We need the agent's contact details (if you have one) to further assist with our appraisal of the market value of the property, and property history if you cannot supply it.
4. There are a number of text fields that must be filled in on the form, otherwise it won't submit. One of the most important is the purchase price of the property. There can be no depreciation schedule without first knowing the purchase price.
5. In general, we need as much accurate information as you can possibly collect about the property and its history, so that we can perform the best possible job for you.

Thank You
